

2ND ASSISTANT GOLF COURSE SUPERINTENDENT

Bull's Bridge Golf Club, a premier Tom Fazio design tucked away in the rolling hills of Connecticut's pristine Litchfield County, seeks an ambitious 2nd Assistant Superintendent to maintain the #6 course in the state by Golf Digest.

As part of the progressive leadership team, you will work directly with the Head Superintendent and collaborate closely with your peers and oversee a range of daily tasks from chemical inventory management and applications to using the latest technologies and management techniques.

INITIAL PRIORITIES

- Play an active role managing chemical inventory, chemical and fertilizer applications including Turf Cloud record keeping.
- Develop water management skills through both irrigation system maintenance and hand-watering practices.
- Supervisory responsibilities include monitoring work assignments, overseeing job performance and inspecting course conditions.
- Develops fundamental awareness of daily course conditioning practices, communication protocols, workflows and improves team outcomes.
- Play active role in upcoming golf course construction projects and grow in.

WHY BULL'S BRIDGE GOLF CLUB?

We are proud to offer you the chance to shape your career with a world-class golf course that is renowned for helping staff reach their full potential. By working hard, we will help build an unrivaled knowledge base and belief in yourself so that you can rise up within the turfgrass industry. Recently, one of our senior managers accepted their first Superintendent position.

In addition, our work/life balance initiatives ensure Assistants have Fridays and Saturdays off during peak season as well as weekends from November 15th - April 1st all while limiting weekly hours in January to just four days!

Lastly, completion of a wash pad will take place this year, and there's a major bunker renovation complete with state-of-the-art liner system happening over the next two years.

SUCCESS TRAITS OF INDIVIDUAL:

- With an unwavering commitment to delivering excellent work and a passion for learning, this individual exhibits the highest standards of professionalism while continually striving to elevate grounds operations with progressive management techniques.
- Curious, and looks to enhance their knowledge of best practices in turfgrass and golf course management.
- Not only are they organized but also able maintain adept business routines when discussing schedule changes or addressing deteriorating turf conditions with Golf Course Superintendent. All actions taken hold true in their pursuit of success - always acting in the best interest of golf course excellence!
- Knowledge of and/or ability to play the game of golf and understand how job performance affects the playing conditions of the golf course.

WHAT'S A DAY IN THE LIFE AT BULL'S BRIDGE FOR THE 2ND ASSISTANT?

- Monitoring and maintaining in-ground soil sensors to ensure accurate, up-to date data is used for informed agronomic decisions.
- Evaluating the storage of necessary chemicals, fertilizers and equipment for safekeeping on site. Keeping meticulous records of all application activities that can be accessed via our digital greenkeeper website or other relevant programs.
- Maintaining impeccable standards when it comes to golf courses assets - ensuring members receive a top quality experience.
- Being proactive in providing optimal conditions even without direct supervision; this position requires an alert mind always ready with actionable solutions.
- With an eye for detail, assess daily work assignments and provide valuable guidance on job procedures.
- Execute planned tasks independently in accordance to Superintendent orders - making sure no lapses occur!
- Lead by example with quality execution that adheres to Superintendent objectives while having the insightfulness to identify when planned tasks can't be accomplished as desired.
- Collaborating closely with the Equipment Manager, this role is responsible for ensuring that all equipment required to complete daily tasks, aerification and other special projects are ready-to-go.
- Repairs & maintenance of irrigation systems - including logging any data into records or logbooks along with GPS mapping capabilities.
- Manage the Audubon program to improve our environmental impact, while producing a yearly report detailing progress made and areas requiring improvement.
- Being able to lead communications effectively combined with strong action follow up skills + personnel management/scheduling proficiency rounds out responsibilities in this vital position.

COMPENSATION & BENEFITS:

- Salary - \$55,000-\$65,000
- Annual year end gratuity fund
- Annual housing allowance
- Vacation - 5 days in year 1, 10 days after year 2
- Holidays
- Health insurance
- Regional conference attendance
- Meals and clothing discounts

PREFERRED REQUIREMENTS:

- Knowledge of agronomy, turfgrass science, chemicals, fertilizers, weather, and the game of golf.
- At least 2-years of golf course maintenance experience or related field.
- A certificate, associate degree in plant science, or related field is preferred (willing to train someone with minimal education).
- Ability to obtain and maintain state certification or licensing as a pesticide applicator.
- Proficient in MS Word, Excel, PPT and various apps and web-based programs used in the golf course industry
- Possession of a valid driver's license.

ABOUT BULL'S BRIDGE GOLF CLUB:

Situated in northwestern Connecticut's rural and scenic Litchfield County, Bull's Bridge Golf Club offers a unique golf experience. The Berkshire foothills (and Appalachian Trail) provide an impressive backdrop with incredible views throughout the property. The 18-hole Tom Fazio designed private golf course was opened in 2004.

With approximately 10,000 rounds per year, the Club's "quiet country" vibe is a welcomed respite from city life for our members and guests who come to enjoy the tranquil setting and world-class turfgrass conditioning. The golf course is currently ranked #6 on the Best in State list by Golf Digest magazine and is in the top 200 Modern Golf Course rankings as published by Golf Magazine.
